Doctor Tyzzer Cures Malignant Case by Using Chloraethanal Alcoholate.

PATIENT SUFFERS NINE DAYS.

Physician Says Remedy Is Well Known, but Does Not Think It Has Been Used in This Disease Before.

Henry G. Jewett, the engineer at the Mary Institute, at Lake street and McPherson avenue, has recently recovered from an attack of hiccoughs which lasted night and day for nine days, a case unparalleled in the history of that malady.

Jewett contracted the trouble while riding on a scenic rallway at one of the St. Louis gardens August 2, the same day that John Clark died of the same malady at the City Hospital after an illness of six days.

Strong and active, used to much outdoo exercise, Jewett was the last person who might be expected to suffer from nervous disorders of the class biccoughs are sup-

sed to arise from. He was taken violent ly ill with the malady, however, and several physicians were called to treat him, without affording relief.

On August 6 Doctor W. G. Tyzzer of the Mayfield Sanitarium was summoned. At that time there was supposed to be little chance of Jewett's recovery. From a weight of 181 pounds the patient had shrunk to 140. He had been unable to take any nourishment, and the narcotics that had een administered, while they had produced sleep, had not stopped the trouble. He niccoughed, asleep or awake. When Doctor Tyzzer took the case he

letermined that he would, at least, ease the patient's suffering. Jewett's temperature was 103, his pulse was beating at the rate of 165 a minute, his eyeballs were distended and bloodshot and his physical and mental suffering was intense. "I decided," said Doctor Tyzzer, "to use the most powerful hypnotics I could secure.

I mean by that a special sedative, differing to do was to try to control the phrenic verve, which covers the abdominal region, and produces the hiccoughs. "On the following day Jewett secured one hour's respite. On the second day he got two hours' release. In the meantime i

was using heart and nerve stimulants, for I was afraid that the patient would succumb from physical exhaustion. "If you have ever hiccoughed for five minutes you will gain an idea of what torture

a man suffers who goes through it for days and nights at a time. I found I was gain ing a little, and though I had notified Mrs. Jewett to telegraph to her son, as there was little hope of recovery, I began to take hope. "It was not until the ninth day, however, that I conquered the trouble.

"As to the remedles I can only say that I used at least fifteen different hypnotics. but I believe that the administration of chloraethanal alcoholate, a pure medicina preparation, was really the cause of the relief. If this were a proprietary medicine should not mention its name, but it is a well-known hypnotic, that many physician: are acquainted with, but I do not know of fts having been used for hiccoughs be

Jewett was sprinkling the lawn at the Mary Institute yesterday afternoon, He is still under the physician's care, so far as the re-establishment of his general cond tion goes, but has had no recurrence of the painful malady which so nearly proved

President of St. Louis Police Beard Kills a Deer on Latter's Hunting Preserves in Germany.

A letter received in St. Louis from Harry B. Hawes, president of the Police Board. now in England, tells of a very delightful visit to the villa of Mr. Adolphus Busch in Germany, where Mr. Hawes was entertained, and of an exciting deer hunt in Mr. Busch's hunting preserves. Mr. Hawes had the pleasure of killing a deer.
"I was surprised to find," said Mr. Hawes.

"that ragtime music is all the go in both Germany and France, and that in Berlin and Paris the cake walk is considered the American national dance. In Paris negroes from New Orleans are performing in the immer gardens. Their cake walks and songs are sirong features, and appear to be immensely enjoyed by the Parislans."

Injured in Collision. Conrad Martin, living at No. 512 South Fourth street, while driving a wagon on South Broadway and Bowen street, was thrown from his seat in a collision between the wagon and a Broadway car and in failing upon the track sustained a fractured skull. STATE DAY TO COMMEMORATE

Exposition Officials Assign August 20, 1904, to Pennsylvania and Other Special Dates Are Awarded.

Pennsylvania has selected as its special day at the Exposition the anniversary of the battle of Fallen Timbers, won by Major General Anthony Wayne of that State, August 20.

The suggestion was made to the State Commission by Governor Pennypacker, who recalled that on that day Mad Anthony Wayne, then in command of the armies of the United States, won a victory over the Indian tribes of the Northwest at Fallen

Timbers, on the Maumee River.

The Governor cites that in consideration of the resuits of the Louisiana Purchase, this battle was of great importance, since it broke the power of the Northwestern tribes, aided by the British, and led to the settlement of the lands secured by the purchase and the organization of the Western States.

avenue, St. Louis, says: "I had suffered with pains in my back for about three years. They would start in the spine and run up to the head and extend around both sides of the temples. At times these pains would extend down both my limbs, and I became so lame that it was difficult for me to walk up and down stairs. I tried doctor after doctor, but got no relief. They seemed to be puzzled and could not understand the cause of my affliction. I became discouraged and was forlorn and hopeless, After the first treatment of electricity I could see my pains go, one by one. You can say for me that I am a well woman. I have gained 15 pounds, I will be glad to talk to any one that will call at my house."

store, Stafford entered the place, and after trying on a hat ran with it from the store. Chase was given and at Broadway Sergeant Kavanaugh joined the clerk.

Kavanaugh drew his revolver and fired three shots. One of the bullets struck the heel of one of his shoes and knocked him down as he was running across the Courthouse Square. At the police station he gave the name of Selby Stafford, and his address as No. 484 Maple avenue.

Pedestrian Injured by Fall. Charles James, 70 years old, sustained a dislocation of the shoulder and severe bruises by a fall to the sidewalk at the corner of Eighth and Locust streets yesterday afternoon. Furniture Recovered by Police. Almost a wagonload of furniture, which the police say was stolen from the William Prufrock Furniture Company, was recovered by Detectives Frese and Crowell yesterday evening. William Marty, shipping clerk for the concern, was arrested and, the police say, admitted having stolen the furniture and \$50 worth of postage stamps.

Proper Time to Treat

In the summer nature helps the doctor. She offers no Obstacles. One month of summer treatment for Catarrh is worth two months of the most careful winter treatment. If all who suffer from Catarrh were wise enough to devote a little time to treatment now, there would soon be few cases of Catarrh to trent; cases of deafness would become rare; head noises a curiosity. and chronic coughs and consumption would be reduced to a minimum.

BOY DROWNED IN QUARRY POND Father Carries Dead Son in Arms to His Home.

OFFICE HOURS—9 a. m. to 1 p. m.; 2 to p. m; Wednesdays and Saturdays, 7 to 8 n. m.; Sundays, 10 a. m. to 12 m.

Carrying in his arms the dead body of his boy, John Hamper walked nearly a mile through the streets of South St. Louis, weeping, yesterday afternoon, The lad, Chris Hamper, had been drowned in a quarry pond at the foot of Cahokia street.

quarry pond at the foot of Cahokia street.

With several companions, the boy was swimming in the pond. He had remained in what he thought shallow water, but walked around the edge of the pond. In doing so he stepped from a ledge into deep water, and hefore his playmates could vascue him he drowned.

One boy ran to Hamper's home, No. 255 Marine avenue, and notified the dead boy's father. The latter hurried to the quarry and reached the scene just as John Schuchardt had brought the body to the surface. Unwilling to await the arrival of an ambulance, the weeping father took the body in his arms and carried it home.

SUMMER : RHEUMATIS

Every season has its own diseases, but Rheumatism belongs to all, for when it gets well intrenched in the system, and joints and muscles are saturated with the poison, the aches and pains are coming and going all the time, and it becomes an all-the-yearround disease; an attack coming as quickly from sudden chilling of the body when overheated, a fit of indigestion or exposure to the damp, Easterly winds of Summer as from the keen, cutting winds, freezing atmosphere and bitter cold of Winter.

Rheumatism never comes by accident. It is in the blood and system before a pain is felt. Some inherit a strong predisposition or tendency; it is born in them; but whether heredity is back of it or it comes from imprudent and careless ways of living, it is the same always and at all seasons. The real cause of Rheumatism is a polluted, sour and acid condition of the blood, and as it flows through the body deposits a gritty, irritating substance or sediment in the muscles, joints and nerves, and it is these that produce the terrible pains, inflammation and swelling and the misery and torture of Rheumatism. No other disease causes such pain, such wide-spread

suffering. It deforms and cripples its thousands, leaving them helpless invalids and nervous wrecks.

When neglected or improperly treated, Rheumatism becomes chronic, the pains are wandering or shifting from one place to another, sometimes sharp

My wife had been troubled with Rheumatism for some time when she heard of S S S, which she tried and which could her completely, as she has not suffered since. I recommend S S S as a good medicine. shifting from one place to another, sometimes sharp

and cutting, again dull and aggravating. The muscles of the neck, shoulders and back, the joints of the knees, ankles and wrists, are most often the seat of pain. Countless liniments and plasters are applied to get relief, but such things do not reach the poisoned blood; their effect is only temporary; they are neither curative nor preventive. The blood must be purified, and all irritating matter removed from the circulation before permanent relief and a thorough cure is effected, and do remedy does this so certainly and so quickly as S. S. S. It contains not only purifying and tonic properties, but solvent qualities as well, all these being necessary in eradicating the poison and making a complete and lasting cure of Rheumatism. S. S. S. cleanses the

blood of all irritating matter and the acid particles are dissolved and filtered out of the system, thus relieving the muscles and joints and removing all danger of future attacks. Under its tonic effect the nervous system regains its normal tone and the appetite and digestion improve, resulting in the upbuilding of the general health. S. S. S. contains no Potash or minerals of any description, but is guaranteed purely vegetable. Old people will find it not only the best blood purifier, but a most invigorating tonic-just such a remedy

as they need to enrich the blood and quicken the circulation. Whether you have Rheumatism in the acute or chronic stage, the treatment must be internal, deep and thorough in order to be lasting. Never be satisfied with anything less than an absolutely perfect cure. This you can get by the use of S. S. S., the oldest and best purifier and greatest of all tonics.

Write us fully and freely about your case, and medical advice will be given without

charge, and our special book on Rheumatism will be mailed free to all desiring it.
